Introduction

This document is an aid to using the eLicensing system for Amateur Station Licences showing screenshots as to what to expect.

Login to eLicensing

Before applying for any Licence all new licensees will be required to create an eLicensing account. All existing Licensees already have an account. If you are unsure of your account details please contact – [licensing @comreg.ie](mailto:licensing@comreg.ie)

The screenshot shows the eLicensing login interface. At the top is the eLicensing logo. Below it, the heading "Login to eLicensing" is displayed. A paragraph explains that this is a secure service for online licence applications and payments, and that users should have received their Account Number and PIN from their most recent invoice. If not, they can click "Register Now". The login form contains two input fields: "Account No." and "PIN:", each with a small blue information icon. Below the PIN field is a link "Forgotten/Change PIN?". To the right of the PIN field is a green "Login" button with a checkmark icon. Below the input fields is a link "Not Registered?" followed by a red circle icon and a "Create New Account" button. At the bottom, a disclaimer states: "In order to use the eLicensing solution you must agree to be bound by the [terms and conditions](#) and acknowledge that you have read and understood same."

Once logged in you should complete all the steps as detailed below by clicking where indicated by a red circle.

The screenshot shows a horizontal navigation bar with six steps: "Dates", "Station", "Technical", "Publication", "Declaration", and "Payment". The "Payment" step is highlighted in yellow and has a red circle icon next to it, indicating the current step in the process.

Across the top of the screen you will see appropriate steps to let your know where you are in the process. The path that will be followed is specific to the licence type being applied for.

Application: Amateur Stations

Introduction

[View My Qualifications](#)[View My Licences](#)

The Licensing of Wireless Telegraphy apparatus for Amateur Stations is governed by the Wireless Telegraphy (Amateur Station Licence) Regulations 2009 (Statutory Instrument 192 of 2009).
(Link to S.I. <http://www.irishstatutebook.ie/eli/2009/si/192/made/en/pdf>)

An Amateur Radio Licence as granted under these Regulations permits the keeping and operation of the apparatus for wireless telegraphy at the location specified in the licence, or operating land mobile, but does not exempt the licensee from having to comply with any other statutory requirements or obligations as may apply.

[Click Here](#) for the Amateur Station Licence Guidelines document (ComReg 09/45) which applicants should read carefully prior to submitting their application.

N.B. Technical Conditions associated with the operation of Amateur Stations are also available in the Annexes to this document. These conditions should be noted by all intending applicants/licensees. These conditions may be updated from time to time

As you currently hold a HAREC Theory Certificate issued in Ireland, you may proceed with an application for an Amateur Station CEPT Class 2 licence, without providing further qualification details. Please click NEXT below.

If however you also possess a qualification in the sending of Morse Code from another country, you are eligible to apply for a CEPT Class 1 Licence. Details of any such non-Irish qualification can be provided by ticking the box below.

I wish to include details of a licence or qualification not obtained in Ireland with my application ☐

*Mandatory fields**

[Previous](#) [Next](#)

ComReg will only issue a CEPT Class 1 licence to those applicants who provide proof of having sat and passed an examination in Morse code to the appropriate standard or greater (currently 5 words per minute). If you have sat an exam to the appropriate standard outside the jurisdiction you can upload a copy of your qualifications.
