1 Register of Users on the Managed Digital Radio Services Network

The following is a list of organisations and agencies permitted to use the Managed Digital Radio Services (MDRS) network. The MDRS network is for the exclusive provision of digital radio communications services to State security and emergency services and to non-commercial bodies engaged in the provision of services to State agencies or related ancillary services.

The columns in the list, from left to right, describe the type of service (emergency, State security or network management), the government department or agency with control of the service, and the operational agency or division, if any.

New users of the MDRS network may only be added to the list with the prior approval of the Commission for Communications Regulation (ComReg).
