

Commission for
Communications Regulation

Media Release – 24 July 2010

ComReg extends deadline for responses to a consultation on the Implementation of EC Decision 2008/411/EC and Introduction of Mobility to the 3400 – 3800 MHz Band

The Commission for Communications Regulation (ComReg) has announced that the deadline for the submission of responses to its current public consultation on the Implementation of EC Decision 2008/411/EC and Introduction of Mobility to the 3400 – 3800 MHz Band has been extended to 3 September 2010 following a request from an interested party.

The consultation deals with the ComReg's obligation to implement EC Decision 2008/411 EC and how its proposals to implement same will impact on licensees in the 3400 – 3800 MHz band.

ComReg welcomes the views and comments of all interested parties on the issues raised in the Document 10/55: Consultation - The Implementation of EC Decision 2008/411/EC and Introduction of Mobility to the 3400 – 3800 MHz Band, available on the ComReg website.
