**Application for a Licence under
Section 111(2D) of the Postal and Telecommunications Services Act,
1983
to establish a
Telecommunications Network.**

1. Licence Conditions

A Telecommunications Network established under any licence granted by the Director of Telecommunications Regulation on foot of this application shall be subject to the following conditions:

- 1.1 Telecommunications services provided to the public over a telecommunications network established under this Licence shall be provided only in accordance with a licence issued under section 111 (2) within the meaning of subsection (2B) or section 111(2A) of the Postal and Telecommunications Services Act 1983.
- 1.2 Telecommunications services provided to the public over a telecommunications network established under this licence shall not involve connection to the public telecommunications network of any telecommunications terminal equipment which does not stand approved for that purpose at the time of connection.
- 1.3 The Licensee is not absolved from any requirement in law to obtain whatever additional consents, permissions, authorisations or licences may be necessary for the establishment or provision of a telecommunications network and for the exercise of its entitlements or discharge of its obligations under this Licence. The Licensee is responsible for all costs, expenses and other commitments (financial and non-financial) in respect of the Licence and the Director shall not bear any responsibility whatsoever.
- 1.4 The Licensee shall, on request from the Director, provide such information as the Director considers necessary for the purpose of her functions under all relevant national and European Union legislation.

- 1.5 Notwithstanding any dispute or complaint arising from a decision or direction of the Director under this Licence, whether as to the reasonableness or lawfulness thereof or for any other reason, the Licensee shall comply with the decision or direction pending the determination of the dispute or complaint and, notwithstanding any legal proceedings contemplated or commenced in connection therewith, the Licensee shall continue its operations in compliance with the decision or direction pending such determination.
- 1.6 The Licensee shall establish and maintain the capability to intercept telecommunications messages made by means of services on the network and to provide information regarding the use of such services and, in this regard, shall comply with any directions given by the Minister for Public Enterprise to the Licensee under section 110 of the Postal and Telecommunications Services Act 1983 as applied under section 111(5) thereof.

In this Article "intercept" shall be construed in accordance with the meaning assigned to "interception" by section 98 (5) of the Postal and Telecommunications Services Act 1983.

- 1.7 The Director may, at the request of the Minister for Public Enterprise and where, in the opinion of that Minister there are special circumstances so justifying, direct the Licensee to give absolute priority on the network to communications of such kind as the Minister may specify, and a specification for the purposes of this provision may be effected in such manner and by reference to such matters as he or she may determine.

The Licensee shall comply with a direction under this Article and shall do so at its own expense.

- 1.8 The Licensee shall comply with such directions as may be issued by the Director from time to time, and notified to the Licensee, in relation to emissions of electromagnetic radiation from the network and the immunity of the network from electromagnetic radiation from other sources.
- 1.9 The Licensee shall ensure that non-ionising radiation emissions from the network are within the limits specified by the guidelines published by the International Non-Ionising Radiation Committee of the International Radiation Protection Association ("IRPA") and

that it complies with any radiation emission standards adopted and published from time to time by IRPA and standards of ETSI and the European Committee for Electrotechnical Standardisation ("CENELEC") and any standards specified in the law of the European Union.
