1. On 14 March ComReg published [Information Notice 23/24](#) ('the **IN**') relating to ComReg's very significant concerns with a discount scheme ('the **Scheme**') that had been proposed by Eircom ('the **Notification**') and which Eircom had informed Industry of on 19 January under "CRD 967 - FTTH Tariff Structure Review" ('**CRD-967**') in advance of notifying ComReg.
2. ComReg, having considered Eircom's Notification, was of the view that the Scheme did not meet the requirements set out in ComReg Decisions D10/18¹ and D11/18² and raises significant concerns as regards the impact it would have on investments and competition and, accordingly, should not be put into effect.
3. The IN also explained that ComReg had sought confirmation from Eircom that Eircom would not proceed to publish and implement the Scheme.
4. On 15 March ComReg received confirmation from Eircom that Eircom does not intend to publish the proposed Scheme.
5. ComReg wrote to Eircom on 16 March and asked that CRD-967 be withdrawn in order to end any uncertainty for Industry that has arisen since its publication in January.
