Good Afternoon,

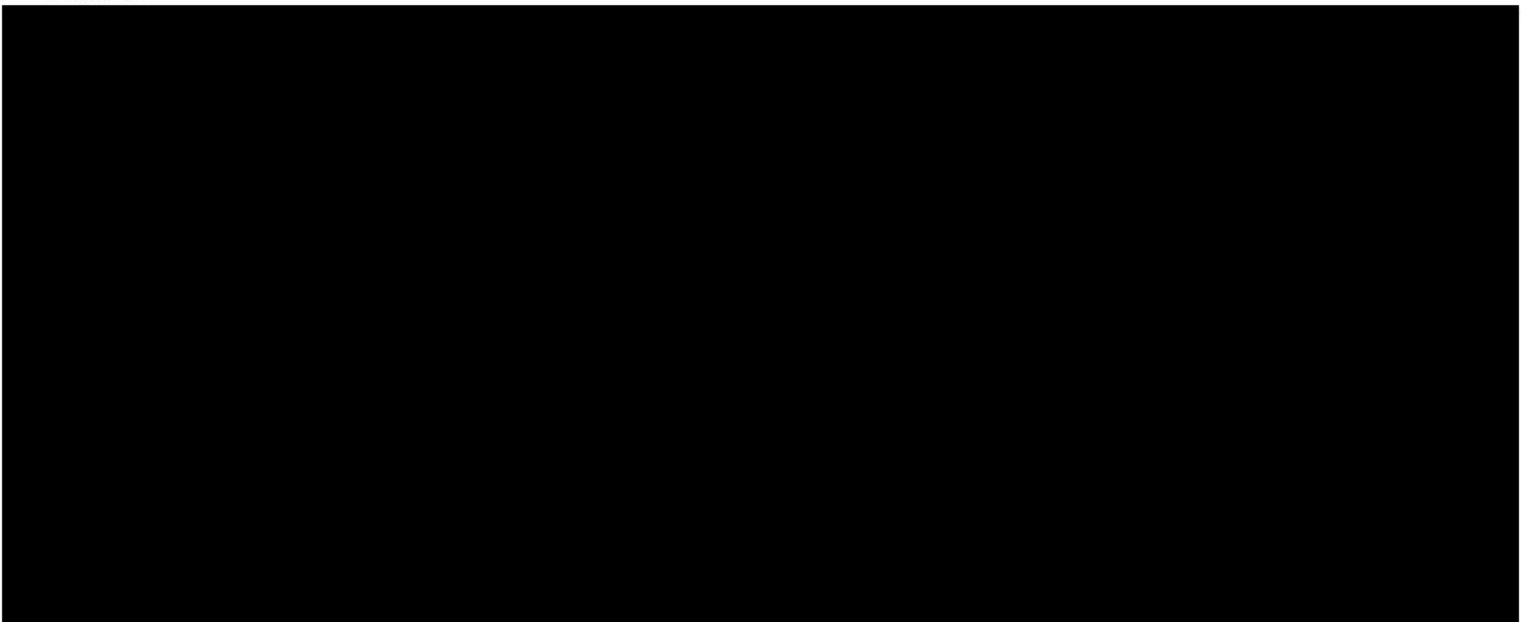

As a Telecoms Retail operator [REDACTED] would like to lodge a formal complaint with Comreg re the below action/promotion from Wholesale operator OpenEir.

We have several issues with this promotion.

- Lack of adequate industry consultation and notice (promotion starts Monday)
- The branding colours used in the leaflet attached are far removed from the typical OpenEir branding colours per their website and in my view very close to the branding colours used by Eir retail (per their website)
- The sizing of the OpenEir logo is disproportionate to the sizing of the retail logo's
- [REDACTED] logo is incorrect, and we were to my knowledge not consulted on providing an updated one.

Our view is that this promotion will disproportionately benefit Eir retail as consumers will be inclined to do an online search for OpenEir and ultimately land on Eir retail website.

Regards
